

Superior Adaptability and Ease of Use

In time-sensitive situations, rapid and accurate hemostasis is vital. The Propper Manufacturing Company's Seraket® Universal Automatic Tourniquet delivers just that. Its soft, flexible, and skin-friendly 1-inch wide ribbon provides unparalleled control over blood flow, enabling rapid application, precise adjustments, and immediate release. Veterinarians find this reliable tourniquet and restraint device equally valuable for small animal care. Equip your emergency response or demanding clinical environment with the Seraket®.

Featured Product

- Unique slide and lock control buckle
- Durable, sterilizable plastic buckle
- Reusable, lightweight, and portable
